Buying a present

It is Saturday. Kelly and Tony go to Tai Wo Plaza. They go there on foot.

They are at Fun Toy Shop. They go there to buy a toy car because it is David's birthday. The toy car is fifty-five dollars. The shopkeeper says, 'The toy car is fifty-five dollars.' They do not have enough money. They say, 'We do not have enough money. We have fifty dollars only.' They feel worried. So they call Dad. Dad comes to the shop. He says, 'Don't worry. I can help you pay for it.' He buys the toy car for them.

They feel happy. They go home together.
